Tefal OptiGrill+ XL contact grill with automatic temperature adjustment

Perfect grilling results thanks to intelligent sensor technology. 33% larger grilling surface (800 cm) for families and large groups. 9 automatic programmes adjust the cooking time and temperature precisely to the thickness and quantity of the food being grilled. Light indicator shows cooking levels from rare to well done. Ideal for anyone who wants to enjoy evenly cooked meat, fish, vegetables and more without having to constantly check on it.
